

Pipeline & Heating Solutions

## Warehouseperson – Luton

You will ensure that the warehouse operates efficiently and effectively, reporting to Warehouse Supervisor. Duties will include, loading vehicles, picking customer and branch orders, checking incoming goods and some general housekeeping. A high level of flexibility would be desired as part of a warehouse team in a small busy branch.

If you would like to apply for this post, complete an application form and send along with your CV and current salary details in confidence to;
